General Comments

From 0600-1030, I inspected the tensioning of the cable bands on the South Main Span. From 1030-1200, I performed general SAS office duties while Lorain took over inspection duties on the cat walk. Refer to inspection notes given to Lorain for details. From 1200-1530, I inspected the cable bands, again, on the catwalk. Again, refer to the inspection notes for details. 5 workers worked on the bolt tensioning: Jack Morris, Zack McDonald, Daniel Martinez, Jimmy Osburn, and Foreman Kevin Kauber. From 1530-1730, I worked in SAS field office on SWPPP and the previously stated cable band work.
